

# SECRETARY – JCR 2024/25

## Agathe Seiler

she/her

SECRETARY

### Experience

- **School representative at my High School Council**  
Thanks to this experience, I learned how to plan events that aimed to include a vast crowd of people. The events were nearly always accessible to students with physical disabilities. These include an indoors Christmas market, bake sales and fundraisers for different associations.
- **EYP France Member**  
The European Youth Parliament is an association for young Europeans interested in European politics. I have been an active member since 2021, by attending sessions, chairing and even organising them. My role as organiser resulted in events ranging from 100 to 200 people.
- **Class Representative**  
I was elected class representative in my last year of school. This role allowed me to organise a successful graduation and prom night, which included the food, drinks, music, venue...

### About me

Hi! My name is Agathe, I'm from Nantes (France) and I'm running to be your next **Halls JCR Secretary!**

I study English and Religion, I always strive to learn new things which include, (but are not limited to!) new languages, cultures, cooking skills and sports. I moved into Halls quite late in the year but I've found that this experience is priceless and I would love to continue my adventure here!

If you vote for me, you ensure that Halls will be an **inclusive space**, with great events thoroughly thought of by all members of your JCR.

## Projects

### ● Halls Ball

With my experience in the organisation of my high school prom, I have acquired knowledge on how to organise such an event. I would like to find a venue that offers the greatest variety when it comes to food, to accomodate all diets (celiac, vegan, vegetarian...) and **organise a poll** so that all Halls residents get a say in the theme they would like.

### ● Fresher's Fair

I am prepared to dedicate a part of my summer to the organisation of the Fresher's Fair in Halls. I will try to get the highest amount of societies on board, and include sports, language, artistic and academic societies to fit the highest demand.

### ● Environmental Committee

I am super excited to take on the role as head of the Environmental Committee in Halls! First and foremost, I'd like to put glass bins in plain sight, so that glass stops getting thrown with the recycling!

Introducing planting activities is also on my list of ideas, so that everyone can bring back a small plant to brighten up their room or kitchen! Green Week will be the biggest moment for the Committee, in which I plan to let the members of it decide what they would like to see during that time, so that they can choose the type of events they like and the ones they'd rather skip.
